Carrollton offers students the opportunity to participate in two distinct After School Programs:

**Extended Day Care/Library Study Hall (Grades M-6)**
Monday, August 31 - Thursday, December 17

**Virtual Enrichment Program (Grades M-6)**
Monday, September 14 - Thursday, December 10

Online Registration Opens Friday, August 21

**Extended Day Care Program/Library Study Hall**
In this program, students will have an opportunity to complete daily or weekly homework assignments (1st through 6th Grade), engage in games (board, card, etc.), arts and crafts activities, music, stories, puzzles, reading, and outdoor socially distanced recreational play, all under the guidance of our experienced After School staff. Enrollment will be limited and priority will be given to those families needing after school care due to work commitments. Pre-registration is required. Students will follow the same protocols and procedures required during the school day in the afternoon such as cohorting, social distancing, wearing masks and regularly scheduled hand washing.

**Virtual Enrichment Program**
The Enrichment Program reinforces, expands and enriches school curriculum. Enrichment activities in the Fall Semester will begin remotely and transition to in-person gradually as we accustom ourselves to our new policies and procedures. Courses and activities have been designed to actively engage students in a variety of activities to encourage social, emotional and academic growth.

This is precisely what we make possible in the Hobby Quest Fashion Design Program! This upcoming semester, new students will learn to sketch, design and sew one of a kind wearable pieces. Returning students will brush up and enhance their skills. And since one of the most important part of being a fashionista is showing off designs, we’ll have a runway show at the end of the session, where students will model their chic creations. Every class feature hands on work and a fashion lesson. Every semester features different wardrobe pieces and projects so returning students can continue adding to their wardrobe.

**COVID Protocols**

Based on guidelines from the Governor, CDC and the WHO we have adjusted our routines and protocols to mitigate the risks our students in After Care, After School Staff, and the wider community as we face COVID-19 together.

Our approach is a multi-layer preventive defense, but please know that even as we do our best to mitigate risks of transmission on school grounds, there is no such thing as eliminating the risk entirely. Please help us by discussing these protocols with your children and help us reinforce at home.

**Social Distancing**

To lower the risk of transmission, and to aid in contact tracing should there be a case of COVID-19, students will remain in their cohort groups in Extended Day Care. Groups will not be combining at any point during the day. All activities take into consideration social distancing guidelines.

**COVID-19 Screening and Illness**

If a student or teacher presents symptoms of illness during After Care, they will be escorted to a designated space away from other children and teachers. Anyone with a temperature at 100.0 or above will not be permitted to remain at school. The parent of the student will be contacted. Parents are expected to arrive within 30 minutes of our call for pick-up. Failure to pick-up an ill child within 30 minutes will result in loss of enrollment in our After Care Program.

Please do not send your child to camp with any of the following symptoms:

- Temperature at 100.0 degrees or above
- Unknown rashes
- Cough
- Diarrhea
- Eye irritations
- Cold
- Sore throat
- Earache
- Vomiting
- Other communicable diseases.
